Senator Burton, of Kansas, has the opportunity to live a better life as a penitentiary convict than he did in the Senate.

It was hard lines for Governor [illegible] to write a [illegible]amation and [illegible] papers and move out so the Democratic governor can take the reins in Ohio.

It really seems that the management of the Equitable Assurance Society was composed of a band of robbers. The proofs of theft and chicanery grow stronger and stronger as the investigation progresses.

If Mr. Henry M. Whitney, of Boston, knows anything more about it after his controversy with President Roosevelt than he did before, will he please tell us what really is the position taken by the President as to reciprocity with Canada.

Says the Raleigh Times: "William Shakespeare has been introduced as a witness for the defence in the 'Old Nick' Williams trial at Greensboro. Next." Well, what can this Shakespeare tell us about the Old Nick spirits that "comest in such questionable shape?"

Says the Greensboro Weekly Tar Heel (Rdp.): "The Weekly Tar Heel is without 'oil gushers,' but still with the people." We don't like to scare the Tar Heel, but if it is "still" with the people it is liable to be captured, for the oil gusher people have a great reputation for going on a still hunt.

LOCAL DOTS.

—British steamer Hilglen, 2,498 tons, Capt. Davies, hence for Bremen, with cargo of cotton, arrived out yesterday.

—Services First Church of Christ, Scientist, this evening at 8 o'clock, Odd Fellows' building, second floor. All are invited.

—J. L. Powell, a general merchant of Whiteville, N. C., received his discharge in bankruptcy in the U. S. Court here yesterday.

—The police patrol wagon was busy in the earlier hours of last night. However, the defendants did not arise above the plane of the ordinary, uninteresting drunks.

—Mr. and Mrs. R. S. Futch have mailed invitations to the marriage of their daughter, Miss Myrtle, to Mr. James D. Hansley next Wednesday evening at Berryville.

—A horse to a buggy which had been standing in the street, near The Orton, took fright and ran yesterday about noon. The runaway was stopped down about Market street and no damage was done.

—The handsome, full-rigged British ship Fitzjames, comparatively new, came up the river yesterday drawing 21 1-2 feet of water. She has a berth at the upper compress where she is discharging cargo of fertilizers.

—An assortment of fine candies left over from the "Thanksgiving Tea" by the Ladies' Auxiliary will be disposed of at the Parish House of St. James' up to 12 o'clock to-day. All friends are invited.

—By deed filed for record yesterday Thos. R. Mask and wife transferred to S. Sternberger, Jr., for $100, property on west side of 14th street, 22 1-2 feet north of Nun street, on the right of way of the C. R. L. & P. Company.

—The Ministering Circle of this city will have a sale of fine underwear and fancy articles on Tuesday, Dec. 5th, at the home of the president. This circle has been working for a year toward the support of the District Nurse, a most worthy charity.

—Rev. James Wharton a well known English evangelist, who visited this city in former years, gave his first address in the colored Congregational church last night to a very appreciative congregation. Revival services will be continued every night during the week.

—A dispatch from Elizabethtown yesterday says: The steamer C. W. Lyon is now at Elizabethtown, where she was towed by the steamer Tar Heel. The cabins will be built on the steamer as quickly as possible; then she goes into commission on the Cape Fear as a freight and passenger boat between Wilmington and Fayetteville.

—There was nothing of interest in magisterial or police circles yesterday. The Court House and City Hall offices were as dry as tinder and the newsgatherer, with a blank note book, climbed up the steps of those buildings and down again, gazed up the street, yearned for a dog fight or a runaway and betook himself to the undertaking establishments where the atmosphere was more congenial to his feelings. There, too, there was "nothing doing."

THE METHODIST CONFERENCE.

Wilmington Delegates and Pastors Off For Wilson Yesterday.

Wilmington Methodist pastors and delegates left yesterday morning and last night for Wilson to attend the annual session of the North Carolina Conference which will begin this morning. The Wilmington churches carry up good reports and the meeting will be of special gratification to them.

At Grace church Monday night the following Board of Stewards was elected for the ensuing year: Messrs. E. Borden, H. M. Foard, A. C. Craft, C. C. Covington, J. F. Garrell, W. B. Cooper, W. E. Perdew, A. G. Hankins, J. B. Mercer, R. C. Merritt, D. C. Love, E. L. Prince, W. P. Cline, P. Q. Moore, C. E. Vale, L. B. Sasser, W. H. Newell, Sr., L. B. Rogers, J. W. Yates, Dr. D. W. Bulluck, Dr. N. M. Culbreth:

Mr. C E. Vale was elected superintendent of the Sunday school and Mr. Roger Moore was elected one of the trustees of the church.

During the past year Grace church has added 74 new members, bringing the total to 673. More than $6,000 was raised during the year for all purposes. The Woman's Home Missionary Society and Foreign Missionary Society together raised $512. The enrollment of the Sunday school was 640, a very gratifying progress in every branch of the church.

Fifth Street M. E. church, through its popular pastor, Rev. A. McCullen, will make the best report financially, it has made in twenty years; $3,421.32 was received for all purposes; $652 was expended on church improvements. The Sunday school raised $296.78 and the Ladies' Aid Society $134. A debt of $115 on the parsonage was liquidated.

Washington Howe Dead.

Washington Howe, a well known colored man and the last of several brothers, all of more or less prominence, died yesterday morning at the James Walker Memorial Hospital, whither he was taken twelve days ago for treatment following a stroke of paralysis some time since. Three sisters survive him. The funeral will probably take place to-day. The arrangements had not been completed last night.

THANKSGIVING DAY

Annual Observance in Wilmington This Year Will Be About as Usual

MANY WILL GO TO NORFOLK

Handicap Tournament on Links of Cape Fear Golf Club Will Attract Many—Holiday Hours at Postoffice—Beach Schedule.

To-morrow will be Thanksgiving Day, an annual festival of thanks for the blessings of the closing year. It ranks, by proclamation of the President and the Governors of States as a legal holiday and with the exception of Christmas is the most generally observed on the calendar. The earliest Thanksgiving in America was kept by the Pilgrim Fathers at Plymouth in 1621. Congress recommended days of thanksgiving annually during the Revolution, and in 1784, for the return of peace. President Madison did the same in 1815. Washington appointed such a day in 1789 after the adoption of the Constitution, and in 1795 for the general benefits and welfare of the nation. Since 1863 the Presidents have always issued proclamations appointing the last Thursday in November as Thanksgiving Day.

In Wilmington the observance will be much the same as in former years. All business will be suspended, appropriate services will be held in the churches and there will be a reuniting of family ties around the proverbial roast turkey and cranberry feast. Many sportsmen and anglers will hie themselves to field, forest and stream and the streets will present almost a deserted appearance.

The big annual event is the Thanksgiving meet of Carolina and Virginia on the football gridiron at Norfolk. More than a hundred devotees of the sport will leave Wilmington this afternoon and evening for the scene of the big contest. The party will consist of both ladies and gentlemen, who hope to bear triumphantly the blue and white. A special car will be attached to the outgoing A. C. L. train to-night and from Rocky Mount to Norfolk a "Fooball Special," to which the Wilmington coach will be attached, will be run.

On the Golf Links.

The outdoor event of chief interest in Wilmington will be the annual handicap tournament on the links of the Cape Fear Golf Club. The grounds have been put in first-class condition for the event under the supervision of Mr. A. H. Fenn, the expert here from Poland Springs, Maine, and the indications are that there will be about thirty entries. It will be an all-day affair and members are expected to take lunch with them. It will be a 27-hole handicap tournament and play will begin immediately upon arrival of the 9:30 o'clock car, which all members are requested to take. The tournament will be open to all members for a very handsome cup which is now on display in Zoeller's window. The cup will go to the permanent possession of the player who wins two of the Thanksgiving tourneys. The club now numbers 200, about equally divided in membership with ladies and gentlemen. The club is in very prosperous condition and a series of matches is being arranged with the country clubs of Richmond, Va., and Charleston, S. C., with return engagements by a team from the Wilmington club.

Hours at Postoffice.

Holiday hours will be observed at the postoffice on Thanksgiving. The money order and registry departments will be closed all day. The carriers will make only the early morning delivery and collection. The General Delivery window will be open from 9 to 11 A. M. and from 6 to 7 P. M. The stamp window will be open from 8:30 to 9:30 A. M. and from 5 to 6 P. M.

Trolley Car Schedule.

The sound and beach possess unusual charms for many on Thanksgiving and this year will prove no exception. Many will go to the seashore for the gunning and fishing opportunities while others will go down to enjoy the luscious North Carolina oyster so elegantly served both at the Lighthouse and at Lumina. Cars will leave the city at 6, 7 and 9 A. M. and every half hour until 6 P. M. and 7:30 P. M. The last car leaves the beach at 9:15 at night.

BEST OF THE SEASON.

That's What They Say of National Stock at Theatre.

The National Stock Company, now playing a week's engagement at the Academy of Music, is pronounced the best popular-price organization seen at the theatre this season. Last night the offering was "The Shadows of Sin" and a large audience was well pleased with the production, which consisted of five acts.

To-night the sensational Western drama "Golden Giant Mine," a story of the frontier, will be told with a sprinkling betwen acts of clever vaudeville specialties. To-morrow afternoon a bargain-day Thanksgiving matinee will be given at which one of the most popupar bills of the week will be put on. The largest audience of the week is expected at that performance.

Aged But Strictly Denominational.

A ludicrous fight is reported to have occurred yesterday or last night in front of a store in the northern part of town. Two old women, aged 95 and 75 years, respectively, the one a Methodist and the other a Baptist, are said to have engaged in a warm discussion of doctrinal questions, which finally led to blows. In spite of their senility, the old women are said to have gone for each other in true Western fashion until bystanders interfered and broke up the pugilistic encounter.

FEAST OF MOHAMMEDANS.

Interesting Ceremony by Crew Aboard British Ship Yesterday Morning.

Aboard the British steamer Griqua, Capt. Anderson, which is at the Champion Compress, receiving cargo of cotton, an interesting ceremony took place yesterday morning and one which has probably not been seen here before in a generation. On the ship are about fifty Mussulmen or orthodox Mohammedans and yesterday marked the beginning of Ramadan, one of the most solemn feasts of that religion. Arrayed in festal robes and led by the serang, the disciples of Mohammed at a given hour, came up on the forecastle deck, faced the east and indulged for some time in a weird incantation according to the rites of the sect to which they belong. By invitation of Capt. Anderson, of the ship, and Mr. James Sprunt, a number of Americans went down aboard the ship and witnessed the interesting ceremony.

Ramadan is the ninth month in the Mohammedan year. In it Mohammed is supposed by his followers to have receive his first revelation and every believer is therefore enjoined to keep a strict fast throughout its entire course, from the dawn to sunset. During the night, however, the most necessary wants may be satisfied—a permission which, practically, is interpreted by a profuse indulgence in all sorts of enjoyment. Believers in rare cases, however, are exempted from observing the fast. As the Mohammedans reckon by lunar time, the month begins each year eleven days earlier than in the preceding year, so that in 33 years it occurs successively in all the seasons.

AN INTERESTING OPINION.

Property Rights of Married Woman Construed by Court.

(Special Star Telegram.)

Raleigh, N. C., Nov. 28.—One of the most important opinions delivered at this session by the Supreme Court this afternoon was in the case of Ball vs. Paquin, from Buncombe, the judgment of the lower court being affirmed. The case was argued at the last term and was held over thus long, the court states, because of the important business issues involved, it has the adjudication of the liability of married women owning personal and real property. Justice Connor, in writing the opinion of the court, affirming the judgment below, declares it is the unanimous opinion of the court that it is desirable that the legislature simplify the statute by giving to married women full power to enter into contracts binding their property, real and personal "as if unmarried," thereby removing all doubt and uncertainty either as to form of contract or its execution.

Goes to Far-Away Panama.

The many friends of Mr. S. C. Potts, Jr., will regret to learn that he is to leave Wilmington but will at the same time be gratified to know that it is to accept an important and very lucrative position. He will leave Monday for New York and Pennsylvania and will sail Saturday week for Panama where he will enter the employ of the Panama Railroad and Steamship Company. Mr. J. Creth Angel, another Wilmington boy is doing well on the Isthmus and Mr. Potts goes to cast his fortune with him. Mr. Potts was until lately with the Relief Department of the A. C. L., in this city, and is succeeded in his position there by Mr. Emmett Crow.

The Lettuce Crop.

The Carolina Fruit and Truckers' Journal says: "The Fall crop of lettuce has begun to move quite freely and prices have rallied accordingly, the figures to-day reaching $2.25 for half barrel baskets. The demand is reported brisk from practically all the markets, and the indications are that prices will go much higher from now until Christmas. The crop in this section is short, but the quality is away up in 'G.' The long, dry, hot Fall has been very much against the crop, but from all accounts the Spring crop will be a 'Jim Swinger.'"

Insanity Plea for McCraw.

It is understood upon good authority that a plea of insanity will be entered in the case of T. A. McCraw, the white man in jail charged with the murder of Mrs. Wright, his mother-in-law. John E. McCraw, of Littleton, N. C., a brother of the prisoner, has taken up the case and employed William J. Bellamy, Esq., to appear for the defence. The case will probably come up for trial at the January term.

For the Time of Their Lives.

Mr. John Batson, of the Dixie Cafe, and Mr. J. T. Slaughter, of the Morning Star, will leave this morning for Richmond and Norfolk. On their return the last of the week Mr. Batson will stop over at Kinston and Charlotte, visiting friends in the former and a sister in the latter place. Mr. Slaughter will visit his mother in Richmond and attend the Virginia-Carolina football game at Norfolk, returning the last of the week.

At Salisbury, N. C., yesterday Henry E. Rufty, a prominent young merchant who shot and killed Engineer J. M. Connell, November 3rd, during an altercation, was acquitted. The jury disregarded Judge Peebles' instructions to return a verdict of murder in the second degree, or manslaughter.

Cadets L. C. Chew, Washington, D. C.; C. H. Drayton, Charleston, S. C.; F. J. Powell, Smithfield, Tex., all members of the "recalcitrant" third class, yesterday resigned from the Virginia Military Institute through sympathy for their nine class mates who were dismissed yesterday for insubordination. At a class meeting of the third class men yesterday, it is understood that thirteen cadets voted to resign and they are expected to leave at any time.

BIG SLASH IN ROSIN

Phenomenal Decline in One Item Sensation of the Year in Naval Stores

SAVANNAH'S VIEW OF IT

Cut Ranged From Forty Cents to Nearly $2 per Barrel—Wilmington Factors Caught in the Slump—Break of the Deadlock.

A phenomenal decline in the market for rosin after business hours at the Chamber of Commerce Monday and the continued depression of prices yesterday proved the sensation of the year in naval stores. There was a large accummulation of the product here and several factors are reported to have lost reasonably heavy by the sharp break, which ranged from 40 cents to nearly $2.50 per barrel.

The market all over the world is controlled by Savannah and the Morning News of yesterday says of the slump:

"The long deadlock in the rosin market was broken yesterday, when sales of 12,650 barrels were sold out of an accumulation of about 52,000 which had been accumulating in the hands of factors for something more than two weeks. The sale was made in two lots at widely varying prices, on some grades as much as 50 cents difference, but almost every grade went at a substantial cut in the figures last posted before the deadlock began. The cuts ran from 40 to 65 cents a barrel on water white to $1.95 on F. these prices being based on the commercial barrel of 280 pounds and not on the round barrel, which averages 500 pounds. All of the stuff sold was not taken by one firm, two competitors being in the market, one securing something over 5,000 barrels, and the other the remainder In the late day no further sales were reported though it was rumored that all of the stuff sold yesterday had not been reported, but would be at the opening this morning. The market opened, 'nothing doing,' at the old prices, and closed steady at the decline, every grade being quoted at two prices ranging from 20 to 50 cents in difference. The receipts for the day were 1,644 barrels and the shipments, 1,696 of which 1,000 went foreign. The New York market was quoted nominal at $3.90."

STOLE DIAMONDS AND MONEY.

Serious Charge Against Policeman at Covington, Va.

Richmond, Va., Nov. 28.—A Hot Springs, Va., special says:

The robbery at Covington last Friday night of $683 in money and $3,000 worth of diamonds, which was not generally known until late Sunday when Policeman Harry McGuffin, of Covington, was arrested, charged with the crime, has created quite a sensation.

Sheriff Sizer has been at Hot Springs all of today investigating the robbery. The money and diamonds were shipped from Hot Springs and it was for the purpose of getting a description of both that the trip was made by the sheriff.

In McGuffin's home $626 were found under the carpet. Reports from Covington today say that there have been no new developments except that a quiet search for diamonds is still in progress. The officers are not making their plans public.

McGuffin denies his guilt. The accused has employed counsel. He has heretofore borne a good character and has been a terror to the evil disposed about Covington. Not long ago he was shot at by a negro and would have ben killed but that the bullet struck his badge. He has been married just about a month.

COMING AROUND TO ROOSEVELT

Snator Dolliver Says Rate Legislation is Unanimous.

By Wire to the Morning Star.

Washington, Nov. 18.—It developed today that the subject under discussion at the White House conference last night, which was participated in by the President, Secretaries Root, Taft and Bonaparte, Senator Knox, and Commissioner of Corporations Garfield, was the projected legislation affecting freight rates.

It has been positively decided that there shall be no further expression of the administration's views on this subject, pending the publication of the President's message to Congress, in which it is treated at great length.

It also is learned that there has been no change whatever in the President's views as to the best form of rate legislation. In other words, his views have not been affected by any of the propositions recently made public.

Senator Dolliver, of Iowa, a member of the Committee on Inter-State Commerce, talked with the President briefly to-day.

INSURANCE DISCRIMINATION

Agent Prosecuted for Granting Rebate on Big Policy.

Philadelphia, Nov. 28.—Charged with unlawful discrimination in favor of Benjamin C. Warnick, of this city, in connection with the issuance of a life insurance policy for $100,000, Harold Peirce, the general agent in Philadelphia for the New York Life Insurance Company was given a hearing before Magistrate Ternan to-day and held in $2.500 bail for his appearance in court. Pierce, it is charged, caused to be issued a policy on the life of Warnick, for which the latter did not have to pay the first year's premium which amounted to $2,505. The prosecution was brought under a State law to prevent discrimination and the awarding of rebates in insurance premiums.

DEAD BROUGHT TO LIFE AS ONE MAN VIEWED IT

He Had Contracted Liquor Disease and Was Hopeless—Keeley Institute Was His Refuge.

The Keeley Institute, Greensboro, N. C.:

It has been fifteen month since I took the Keeley Treatment at Greensboro, N. C. Since that time I haven't tasted nor wanted a drop of anything in the nature of alcohol. I thank God daily for the Keeley treament. It has restored me to my family; it has given me life and hope, whereas once I was dead to all that was good in life, I am now alive to all that is good; and am happy again with my loved ones, and have regained the confidence of my friends and associates. I wish to thank the management of the Institute for their kind treatment, and may acts of kindness and interest in my welfare while under treatment. Whenever possible I glady sing the praise of your noble Institute.

Special Trial Offer
THE MORNING STAR
At Reduced Rates
To New Subscribers

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

The Morning Star.

WILLIAM H. BERNARD

WILMINGTON, N. C.

Wednesday Morning, Nov. 29.

SOME SIGNS HUNG OUT.

We have been noticing that for some time, and particularly within the past fortnight, that prices for railroad securities have been on a boom in Wall street. The bonds of Southern railroad systems have been specially conspicuous in the tendency to advance, and it might be noted that Atlantic Coast Line and Louisville and Nashville securities are the leaders in the upward quotations. We hadn't stopped to think that there was any significance in the situation except that the Coast Line and Louisville & Nashville properties are under successful management, are doing the business, and have a great future before them.

However, it remains for the New York Times to give us a tip that the advance in railroad securities prognosticates something else. For instance, that Wall street has no fear of government regulation of freight rates—that is that Congress will not entertain such a proposition. It would be natural to suppose that if the government is to fix rates through the Inter-State Commerce Commission, railroad securities would have a downward tendency. But the Times says:

"Washington dispatches say that Senator Elkins of West Virginia, has 'surrendered' to the President on the question of a rate-making bill. He throws up his hands, so the dispatches say, and has promised that he would support the Administration programme in its entirety, whatever it might prove to be.'

"If Senator Elkins has done that he has violated his oath of office, has betrayed his State, and is unworthy any longer to occupy a seat in the United States Senate. We therefore assert with some confidence that he has done nothing of the kind. He has been a Senator long enough to know what the Senate is for. He understands its constitutional relation to the executive. To say that he has surrendered to the President and agreed to support his measures whatever they may be is as preposterous as it would be to say that Chief Justice Fuller had 'promised' Senator Dolliver or Congressman Esch and Congressman Townsend that the Supreme Court would declare constitutional any rate-making measure Congress might enact. Moreover, Senator Elkins has opposed the making of freight rates by an executive commission long enough and hard enough to know that he represents a great cause, a great principle, and vast financial interests. We mean here not the financial interests of the railroads alone, but of the United States of America. Rate-making as the President intends it would bring disaster upon the business of the country. Senator Elkins knows that. He is not the man to run away in such a fight, not the man to surrender when so much depends upon his standing fast.

"If the enactment of a rate-making law were really so imminent as it seems to be, if the Senate Committee on Inter-State Commerce had really agreed to report any kind of bill the President wants, if not only Southern Democratic Senators but old Republican warhorses from the North had 'given in' to the President, if Senator Elkins had actually 'surrendered,' if both Houses of Congress had prostrated themselves in the dust before the President and he had set his foot upon their joint and several necks, would railroad shares in the Stock Exchange continue day after day their gay aerial flights? Wall Street may be 'short' of morality, but it is mighty apt to be 'long' of information."

Of course we infer from the above that Wall Street is satisfied that there will be no such railroad rate legislation as President Roosevelt wants.

READY FOR THE FIGHT.

Congress will meet next Monday, and the railroad question will be up to be fought to a finish. Washington, as a matter of course, is already filling up with Senators and Congressmen, and others interested in the session. The railroad companies are among the latter, but the Washington Post is already tired of seeing the railroads' representatives hanging out at the capital. Hear the Post:

"If our esteemed contemporaries, the railway corporations, would be wise in their generation, they will lose no time in calling off the lobbyists, emissaries, and assorted agents who are now infesting Washington, annoying everybody, including the newspapers, with their untimely and offensive importunities. Nobody wants to hear what they say. They have their little lesson to repeat, and we know it all beforehand. They convince none, influence none, and serve no useful purpose for their employers. The newspapers of this city understand the question perfectly and need no advice or light from salaried advocates. What the country wants is to have the battle fought to a finish on its merits. These volunteer advisers do no good for their cause. They merely persecute innocent third parties. Call 'em in, and do it without the smallest loss of time. They have no function in this problem save that of general irritation."

It is to be presumed that the railroads' representatives are on hand expecting a "square deal." They would hardly stay away when there are no less than six bills which propose in some way or other to regulate railroads. For instance there is the Esch-Townsend bill, and there will be bills by Senators Cullom, Dolliver, Foraker and Elkins, besides those which are up the sleeves of other Senators and Representatives. We presume that the lobbyists worry some people but it must be remembered that the railroads are also worried in view of the fact that they are going to be handled in some way or other by this Congress. We don't know what is to be done to them, but it is quite natural for the railroad systems to be sitting up straight to guard what they conceive to be their interests. It is a fight in which the people and the railroads are deeply concerned and surely no session of Congress has ever been watched with such keen interest as will be this session.

CURRENT COMMENT.

—That Mexican Judge who has sentenced three American insurance grafters to be shot might create a sensation were he in New York.—Macon Telegraph.

—Mr. President: Can't you give us a little more tariff reform hope, or have you decided to leave this matter to the Democrats and the recalcitrant Republicans? — Jacksonville Times-Union.

—Senator Burton says that he made that trade out of the State of Kansas. This should cause Kansas to feel relieved, as it tends to prove that in this cases something is the matter with the man and not with the State.—Atlanta Sonstitution.

—The woman who goes into a matrimonial partnership without knowing thoroughly the trade of housekeeping is a fraud and false pretender, just as her husband would be if he did not know his trade or business or profession.—Harper's Bazaar.

—Several who lost money at the gambling stand permitted to operate in the fair grounds, at Charlotte, have brought suit against the Mecklenburg Fair Association to recover the money. That is a new wrinkle and the outcome will be interesting—Greenville Reflector.

—The Charlotte postoffice does the biggest business in the State, the receipts for the past year amounting to $82,308. The nearest approach is the Wilmington office, with $71,394. Charlotte is also ahead of all other towns in manufacturers and in population. In fact, as the geography would say, "Charlotte is the chief town of North Carolina."—Charlotte Chronicle.

—Col. E. F. MacRae, a leading planter of Robeson, who has as the special representative of the Cotton Association, been visiting the cotton producing counties in North Carolina, writes an interesting letter in to-day's paper. He says the farmers are firm in their determination to hold their cotton and confident they will receive better prices. He is of opinion that seventy-five per cent. of the crop has been sold and that it is twenty per cent. short. If he is correct, the balance is worth fifteen cents by the law of supply and demand.—Raleigh News and Observer.

—The Teacher—We no longer have the tortures of the Spanish inquisition. Bright Pupil—No, ma'am, but we have the college fraternity initiations.—Cleveland Plain Dealer.

—"Your note is not good here," said the banker. "That's queer," replied the would-be borrower. "Nearly every man in this country has one of them."—Cincinnati Enquirer.

—Irene—How did Mayme enjoy the carnival? Maybelle—She didn't seem to enjoy it a bit. I think she had an idea that confetti was something good to eat.—Chicago Tribune.

—Mrs. Subbubs—I ran over to borrow some flour and lemons and sugar and milk. Mrs. Lonesome—Certainly; shall I lend you some one to eat the pie when it is made?—New York Sun.

"COMPLETELY DISCOURAGED"

Is the feeling and plaint of women who are "run-down" so low that work drags, head aches, back ackes, hands tremble, voice quivers, little things annoy and "everything goes wrong."

Look the other way just a minute and see what Dr. Pierce's Favorite Prescription has done for more than a half-million women in the last thirty years.

What it has done for others it can do for you.

Believing that alcoholic, stimulating medicines were doing much harm, Doctor R. V. Pierce turned his investigating mind upon the problem of producing a remedy for the use of weak and suffering women that should be free from alcohol and at the same time EFFECTIVE AND SAFE.

Nature has provided abundantly for such needs and Dr. Pierce found in native medicinal plants such as the roots of GOLDEN SEAL, LADY'S SLIPPER, BLACK COHOSH, UNICORN and BLUE COHOSH, the needed medicinal properties which by peculiar processes strictly his own, without the use of alcohol, he has extracted, preserved and combined in exact proportions to secure from each its best effect. Thus compounded his "FAVORITE PRESCRIPTION" is a remedy for the pains and drains, weaknesses and inflammation of the uterine system that has won world-wide fame by curing more than ninety-nine out of every hundred who have used it properly.

In taking this you will *know what you take* and *take what you know* to be good.

If in any doubt as to what is best for you, write and ask advice of Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y., and reliable medical advice will be sent you by return mail in securely sealed envelope. All correspondence free and strictly confidential.

THE COTTON MARKETS.

New York, Nov. 28.—The cotton market was less active. Business appeared to be largely in the way of evening-up for Thanksgiving and in anticipation of the government's crop estimate expected next Monday and with selling for long account considerably in evidence the market closed at about the lowest point of the session or a net decline of 13 to 20 points. Sales were estimated at 500,000 bales. The opening was easy at a decline of 7 to 12 points in response to lower cables, and the outlook for big receipts. The decline was increased soon after the opening to a matter of 13 to 14 points, when indications that December notices were being promptly taken care of caused a partial rally which, however, was followed by renewed weakness under scattering liquidation and selling by room traders for a turn. After selling off to a net decline of 16 to 19 points the market was again rallied 4 or 5 points by covering but once more weakened toward the close with January selling at 11.35 and March at 11.61. The close was steady in tone but within a point or two of the lowest. It was the first December notice day and it was estimated that about 25,000 bales out of the large local stocks were tendered. With December selling 17 to 20 points under January, spot people bought all the December offerings against sale of the latter months.

Receipts of cotton at the ports today were 81,521 bales against 101,546 last week and 79,734 last year. For the week estimated 350,000 bales against 391,090 last week and 387,267 last year. Today's receipts at New Orleans 20,203 bales against 22,017 last year and at Houston 21,604 bales against 25,406 last year.

USEFUL FACTS

About Coughs, Colds and Bronchial Troubles Given to the People of Wilmington by Our Druggist, Robert R. Bellamy.

"In conducting a large drug business we naturally meet a great many people at this season of the year who suffer from coughs, colds and bronchial troubles.

As these troubles are easily controlled if the right means is taken, we want to say to the people of Wilmington, that we guarantee our cod liver oil prepartion, Vinol, will cure hanging on colds, stubborn coughs, bronchial and lung troubles, quicker than any preparation we have ever sold, because it is the most perfect preparation of cod liver oil ever compounded. It contains no oil or grease to clog the system and up-set the stomach, yet it does contain every one of the fifty odd medicinal elements actually taken from fresh cods' livers in a highly concentrated form, and is therefore the best cod liver preparation obtainable. Vinol is not a patent medicine; everything in it is named on the back label of the bottle and you know what you are talking so without reservation we indorse and guarantee Vinol to strengthen every organ in the body to do its work as nature intended—to cure coughs, colds, bronchial troubles, increase the appetite, build up the run down, tired and debilitated, and create strength and renewed vitality for the aged.

If Vinol fails to do what we say we will refund every dollar paid for it. You know us and know we will do as we agree." Robert R. Bellamy, druggist.

FINE CLOTHES OF STYLISH QUALITY.

Being well dressed isn't a question of spending a lot of money—isn't a question of going to the right store. Most any store has fairly good suits as far as thread and cloth are concerned—getting distinctive style and real fit is another matter.

But that's what you get here at a price you can easily afford. In fact you can't afford not to wear the kind of clothes we sell. The mere rise in your own estimation and others that our STROUSE clothes give you—that prosperous, well-groomed look—is the biggest kind of a cash asset to any man.

The picture shows one STROUSE style. Many others costing from

SPIRITS TURPENTINE.

—Mr. Francis M. Williams, Jr., a student at the State University, died on Sunday morning with acute rheumatism. He was the son of editor F. M. Williams, of the Newton Enterprise.

—Charles A. Hines, city editor of the Greensboro daily Industrial News, has resigned that position to become editor and manager of the Robesonian, at Lumberton, and will leave for the point Tuesday next.

—It is expected that Governor Glenn will go to Charleston, S. C., about the 15th of January to address the Y. M. C. A. On his visit he expects to make a short stop in Columbia to visit Governor Heyward.

—Charlotte Observer, Nov. 28th: As the result of a meeting of the Jewish residents of the city Sunday afternoon, over $200 has been subscribed to aid the persecuted Hebrews of Russia, a portion of which was contributed by citizens other than Jews. The cause is a most worthy one.

—Raleigh News and Observer, Nov. 28th: Deputies W. G. Poole and C. A. Banks have returned from Johnston county where they captured a large illicit distillery Saturday at sunrise. The capture occurred five miles Southeast of Newton Grove. The still contained 81 gallons of whiskey and 700 gallons of beer. Other apparatus was taken. When the officers were destroying the still the operatives approached, and running away, were pursued and fired into by the officers, but they made theid escape.

—The roster of all the soldiers from North Carolina who served in 1898 in the war with Spain is being copied, as are also similar rosters in the other States. This work is being done by persons who expect some extra allowances of pay for those who were soldiers at that time. It is stated that the men are entitled to, and will receive pay for the time from their enrollment to their muster into service. The men will draw back pay and subsistence for the days intervening between enrollment and murter-in, about $1 a day for each man.

—Senator F. M. Simmons addressed the Farmers' Association of Halifax county at Halifax court house on Monday at 1 o'clock. The house was packed by an enthusiastic and representative gathering of farmers, who seemed to appreciate the stand the State Association has taken, and are resolved to stand by it. Senator Simmons made one of his ablest speeches, delighting the audience with his oratory and logic for more than one hour. He not only debated the cotton question, but tried to picture to them a remedy for the labor situation in the South, which has become one of the unsolvable problems the farmers have had to contend with for many years.

—The store of the Freeman Drug Company was broken into Sunday night and the safe robbed of about $75. Upon the floor of the office in the drug store and near the safe was found a hatchet and on the inside of the window was found a black hat. The hat that had been dropped on the outside was recognized as resembling one that Spurgeon Mecamson, a well-known young man about town, had on his head when last seen a few hours before the robbery was discovered. The hatchet was also recognized as one that resembled one in the possession of T. A. Lamm, a young man who runs a pressing club. Monday morning both young men were arrested and bound over to court.

—Asheville dispatch, Nov. 27th: An entirely new turn was given the criminal and civil actions against A. A. Featherston, a saloon-keeper of this city, instituted as the result of his kicking Mrs. Wiggins, of the Salvation Army, from his saloon several weeks ago, late Saturday afternoon, when Frank Carter, attorney for Mrs. Wiggins, appeared and non-suited the $10,000 suit recently brought against Mr. Featherston by the Salvation Army worker. Mr. Carter stated that Mrs. Wiggins had decided it might injure the work she was doing in Asheville to prosecute the suit and had taken this action as a result. Mr. Carter also announced that his clients had reached an agreement with Mr. Featherston relative to the criminal side of the affair; that this agreement or compromise was without his consent or knowledge and that he had withdrawn from the case. In taking action in the criminal matter, Mrs. Wiggins also ceases to be private prosecutor to the cause.

—Raleigh News and Observer: A prominent gentleman from Chatham in speaking yesterday about the death in that county some days ago of Mrs. Nancy Pattischall and her daughter, stated it was now generally believed that the death of the two women and the sickness of the son who lived with them was caused by their eating cabbage which had been sprinkled with Paris Green to rid them of bugs. For a while the deaths were considered very mysterious and until a thorough investigation of all the facts were had there was strong suspicion of foul play. At one time there was openly expressed suspicion of another son of Mrs. Pattischall, said to live at Sanford, by reason of a visit by him to the house on the day when the deaths occurred, it being intimated that he had left a poisoned apple at the house for the purpose of poisoning a half-witted sister. It now appears states this gentleman, that the suspicions of intentional poisoning were unfounded and that the unfortunate deaths were caused by simple mistake.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Wilmington Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the sympotoms of knidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Wilmington testimony:

B. R. King, the well-known policeman, residing at 706 Wooster street, says: "I had terrible pain in my back which worked around to my side and in my stomach, so bad at times that it lad me up. I used internal medicines and they did not help me. I put on plasters and rubbed with liniment, and none of them helped me at all. Seeing Doan's Kidney Pills recommended I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes of them I have not had an ache or a pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New oYrk, sole agents for the United States.

Remember the name—Doan's—and take no other.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my Mother," writes E. B. Reid, of Harmony, Me. "For the past five years, however, on the slightest sign of a Cough or Cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c. and $1.00; guaranteed at R. R. Bellamy's drug store. Trial bottle free. **

"I Thank The Lord;"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at R. R. Bellamy's drug store; 25 cents. **

Man's Unreasonableness

is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble, "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by R. R. Bellamy, druggist, price 50c. **

Advice to Merchants and Farmers

Do you know when you buy any grade of Guano? It's simply an adulteration, a small per cent of which is blood and bone, which is the superior in redient, but when you purchase FISH SCRAP, you get othing but pure FLESH, BLOOD & BONE. The above assertion we guarantee and can prove. Therefore FISH SCRAP has no equal as a Fertilizer. BATTLE AT SEBASTOPOL

Guns Probably Roaring Over Historic Grounds—Entire Army Apparently Ready to Rebel.

By Cable to The Morning Star.

St. Petersburg, Nov. 28.—The military officers at St. Petersburg admit that no reliance can be placed on the line regiments, not even on those now stationed in the capital. According to the officers the spirit of revolt pervades the whole army from Vladivostok to the European frontier. The Manchurian forces hey add, are almost openly revolting. The officers further point out that the state of affairs at Sebastopol, Odessa, Simferopol and Tiflis shows that the revolutionary spirit has spread to Southern Russia and trans-Caucasia. The garrison of St. Petersburg has formulated a series of demands involving the complete remodelling of the conditions of service. The Manchurian army complains that it is not possible to exist in Manchuria on peace pay and peace rations and that the wounded, thousands of whom are still detained in Manchuria, are suffering untold tortures on account deficient medical resources.

St. Petersburg, Nov. 29.—1:54 A. M.—The last day of grace accorded the mutineers at Sebastopol expired at midnight with no signs of surrender on the part of the men. The hills towering above the harbor of the Russian stronghold in the Black sea may resound this morning, as they did in the days of the Crimean war, with the roar of musketry, and cannon should the government attempt to carry out its announced intention of crushing the revolution with the mailed fist.

Whether General Nepluoff, the commandant of the fortress, who was released by the mutineers today and who relieved General Baron Meller Gakomolskie, will dare to accept the challenge of the mutineers and stake the discipline and loyalty not only of the troops at his disposal, but of the whole army on the coast, is, however, doubtful. Dispatches from a score of garrisons in Russia show that the land forces of the Empire are in a state of discontent, and any order to the troops to fire upon their comrades in the sister branch of the service might possibly precipitate a general and widespread mutiny.

The report that the whole fleet had gone over to the mutineers under the command of Lieutenant Schmidt, the revolutionary commander of the cruiser Otchakoff, is incorrect, though the officers of the other ships probably will be unable to obtain obedience of the men for the carrying out of any measures against their comrades.

The staff quarters at Sebastopol are guarded by Cossacks and the officers in the streets are accompanied by escorts of Cossacks, the only branch of the service, the fidelity of which is absolutely unquestioned. Even the members of the guard regiments are joining in the revolutionary movement. Two hundred and fifty men of the guard regiments, who were said to have been leaders in spreading the revolutionary propaganda were arrested at their barracks Sunday night.

WARM WIRELETS.

James R. Strobyhar, the Atlantic Coast Line agent arrested in Montreal about two weeks ago on a charge of embezzlement, was released yesterday on the charge of embezzling $7,500 in Florida and immediately re-arrested on another charge of embezzling $1,600 in Georgia.

More than 25,000 tickets have already been sold and the largest crowd that ever witnessed an army-navy football game will be in Princeton on Saturday. The field has been covered with straw for the past three days as a precaution, it is said, that the present rain will not effect its condition.

The Richmond Fredericksburg and Potomac Railway yesterday began a fight in the courts in Richmond against the franchise tax levied by the State Corporation Commission. It holds that the tax is unjust and in contravention of law and the agreement of the road with the commonwealth.

It is officially announced that Horace Baker, of Greensboro, N. C., has been appointed general superintendent of the St. Louis, Iron Mountain and Southern Railway, to succeed W. T. Tyler, resigned. Mr. Baker is at present assistant general superintendent of the Southern railway, and was for many years connected with the Illinois Central.

President Roosevelt will witness the annual football game next Saturday on Princeton field between the teams representing the West Point and Annapolis academies. In the President's party will be Mrs. Roosevelt, Miss Roosevelt, Miss Ethel Roosevelt, Secretary and Mrs. Root and Edward Root, Captain and Mrs. W. S. Cowles and Secretary Loeb.

Two lives were lost in the burning of a double story residence in New Orleans early yesterday. Seven members of the Klein and Lipps family occupied the three second-story bed rooms and were fast asleep when passersby discovered flames on the first floor. Pistol shots aroused some of the inmates. The stairway, however, had burned away and they were compelled to jump for their lives before hey could be reached. Mrs. Mary Lipps, an aged woman, and John Klein, a lad of ten were suffocated.

A wireless telegram received last night at the Charleston navy yard from the battleship Texas, which sailed from Newport News for Charleston Monday, in company with the monitors Arkansas, Nevada and Florida, indicated that the coast defense squadron would in all probability anchor off Charleston harbor early this (Wednesday) morning. A special committee appointed from the city and the clubs will go out to sea on the buoy tender Wisteria to meet Admiral Dickins and act as escort into the harbor. An elaborate plan of entertainment covering several months is being arranged for the pleasure of the officers.

CROOKED WAYS OF INSURANCE

New York Insurance Investigation Committee Clearing Up Shabby Transactions

HOW EQUITABLE WAS ROBBED

Stock Bought by Company Sold to Its Officers at $174 and Unloaded on Company at $310 to $310.

By Wire to The Morning Star.

New York, November 28.—Just before the insurance investigating committee adjourned to-day Charles E. Hughes, counsel for the committee, produced a policy written by the Mutual Reserve Life Insurance Company, upon the life of an unknown man, which policy stipulated upon the first page that the insured should pay a fixed and stated premium "subject to other benefits and requirements elsewhere stated."

On page two of the policy Mr. Hughes read a clause that the executive committee of the company could require the holder of the policy to pay any multiple of the amount of the premium stated on the first page, which the committee saw fit. George D. Eldredge, vice president and actuary of the company, to whom Mr. Hughes read the policy, said that the number of such policies issued was small.

Previously, Edmund D. Randolph, treasurer of the New York Life Insurance Company, had said that it was true that he removed $700,000 worth of New York city stock from the vaults of the company, and put a check of the Central National Bank for that amount in the place of it on January 5,1901. Mr. Randolph understood that the bank wanted this stock for clients, one of which was the Merchants' Trust Company. He promised to give the committee later the names of any officers of the New York Life Insurance Company then in the Merchants' Trust Company. Mr. Randolph agreed with Mr. Hughes in the conjecture that the stocks were removed to enable some one to put them in as non-taxable securities.

Mr. Randolph testified also that during a period of financial stress, some Massachusetts bonds and New York city bonds belonging to the New York Life Insurance Company were deposited with the United States Government for the First National Bank of this city. This was done because the Secretary of the Treasury was demanding a high class of securities against government deposits. The New York Life received for the transaction $60,000 besides interest, said the witness.

The deposition of George H. Squire, formely financial manager of the Equitable Life Assurance Society, in which he described some of the operations of the syndicates which included officers of that Society, was read to the committee. Mr. Squire said in it that in 1901 the Equitable Society bought 2,000 shares of the stock of the Lawyer's Title Insurance Company and re-sold 1,500 shares to several of its officers and directors at purchase price —$174. Some of the Equitable men sold their stock later, said Mr. Squire, and subsequently large blocks of the stock were sold back to the Equitable Society at $310 to $350 by the firm of Williamson & Squire. That firm might have bought it from the officers of the Equitable Society, Mr. Squire said, but he did not know.

Mr. Hughes also brought out that a profit of $22,000 had been paid to Mr. Squire from the sales of stock from the Lawyers' Mortgage Company to the Equitable Society, and that Mr. Squire had divided profits from an unknown operation, aggregating $18,960, among four officers of the Equitable Society—James W. Alexander, James W. Hyde, Thomas D. Jordan and W. H. McIntyre.

The fact that the New York Security and Trust Company paid $18,000 to Andrew Hamilton, the legislative agent, out of moneys belonging to the New York Life Insurance Company, was also brought out to-day by Mr. Hughes.

W. S. Fanshawe, a dealer in investment securities, told the committee that in 1904 he bought New Orleans Traction bonds of the face value of $1,250,000 from the New York Life Insurance Company and George W. Perkins, trustee of the "Nylic" fund, giving them his checks, amounting to $37,500 in payment, and then borrowed the $937,500 from the New York Life Insurance Company, using the bonds as collateral. He then sold the bonds, giving the New York Life Insurance Company 95 per cent. of the profits and keeping five per cent.

SAVED GOVERNMENT MONEY.

Captain Carter Besmirches Army Officer at Philadelphia.

By Wire to The Morning Star.

Chicago, Nov. 28.—Oberlin M. Carter, the former army officer who is now defending himself against charges of defrauding the government out of millions of dollars, testified today before Special Examiner Burgoyne that he had many times saved the government thousands of dollars in letting contracts at Savannah. Carter in his testimony declared that in letting one contract to Greene and Gaynor, the firm insisted upon by him saved the government $275,000. Carter produced evidence purporting to substantiate this declaration. He also declared that the trouble into which he became involved was started by an army officer who, he asserted, is even now stirring up trouble among army officials in Philadelphia. Carter declared that this man endeavored to force a new scheme for construction upon the government and that he, Carter, refused to approve it.

Robert Brown, 16-years-old, who was injured in a football game in Missouri Saturday, between local elevens, died yesterday. Brown was paralyzed from the neck down and rendered unconscious.

Henry H. Rogers yesterday was served with a subpoena directing him to give testimony in the suit begun by the State of Missouri against the Standard Oil Company. The testimony will be taken by a commission in New York, December 4th. The sub-poena was served on Mr. Rogers while he was in an auto-cab by a process server, who threw the order through the cab window, and with it the statutory witness fee.

BRUTAL FOOT BALL TO BE ABOLISHED

Faculty of University of New York Takes Lead—Columbia University Prohibits Game Hereafter.

By Cable to The Morning Star.

New York, Nov. 28.—Almost at the hour when the body of young Harold Moore, the Union College student, who was killed in a football game with the University of New York team last Saturday was being laid to rest in Ogdensburg to-day, the faculty of the University of New York took definite action looking to the abolishment of the game of football as it now is played.

Every college whose football team has played against New York University since 1885, when the latter's team was organized, has been invited to take part in a conference to fully consider and finally dispose of the future of the game. With the call for the conference went the announcement that the New York University delegates will support a resolution that the present game of football ought to be abolished. The colleges invited to the conference, nineteen in number, are: Union, Syracuse, Hamilton, Wesleyan, Lehigh, Rutgers, Trinity, Haverford, Reenessler, Stevens, West Point, Princeton, Columbia, Fordham, Urinus, LaFayette, Rochester, Amherst and Swarthmore. The invitation which was sent to each of the colleges suggests the following question for consideration:

Ought the present game of football be abolished? If not what steps should be taken to secure its thorough reform? If abolished, what game or games may be possible in its place?

Each college or university is invited to send a representative of its faculty and a report of its athletic organization, making a possible membership of forty.

Columbia University Acts.

New York, Nov. 28.—Columbia University has abolished the game of football, at at present played, as one of the sports in which students of the university will be permitted to engage.

This action was taken at a meeting of the Columbia University Committee on Students' Organizations held tonight at the university, at which were present the members of the committee, Professor Lord, chairman, Professor Michell and Professor Odell, and also President Butler, Dean Kirchwey and Professor Begert, the two lattter former chairmen of the committee.

The following preamble and resolutions were adopted:

"Under the authority conferred by the University Council on Students' Organizations to supervise and control all student organizations' athletics and others, which in any way represent the university before the public, it is,

"Resolved, That from and after December 31, 1905, the football association of the university shall be abandoned, before which date all its accounts shall be settled to the satisfaction of the comptroller of student organizations.

"Resolved, That in the opinion of this committee the present game of football shall be abolished and the committee respectfully recommend to the university council that the game be prohibited at Columbia University."

The action of this committee is final. The students are not permitted to play without the consent of the committee, and if they do so they render themselves liable to expulsion. Professor Lord said after the meeting of the committee:

"The reasons for this action need no explanation. They must be present to the mind of very one acquainted with the game as now played. Only by such radical action can university and college life be rid of an obsession which, it is believed has become as burdensome to the great mass of students as it has proved itself harmful to academic standing and dangerous to human life."

ISLE OF PINES IS CUBA'S ROOSEVELT DECLARES

New Proceedure by Which Americans on Island Can Lawfully Establish Territorial Government.

By Wire to The Morning Star.

Washington, Nov 28.—The administration today quashed the hopes of the little band of American colonists on the Isle of Pines who have been working toward the separation of the island from Cuba, and its inclusion in the United States, when Secretary Root, after consultation with the President, made public the text of a letter which he had addressed to Charles Raynard, president of the American Club of the Isle of Pines, defining the attitude of the United States government toward the proposed formation of a territorial government in the island as a part of the United States. The Secretary was most pointed in the statements in his letter, which says:

"There is no procedure by which you and your associates can lawfully establish a territorial government in that island. The island is lawfully subject to the control and government of the Republic of Cuba and you and your associates are bound to render obedience to the laws of that country so long as you remain in the island. If you fail in that obedience you will be justly liable to prosecution in the Cuban courts and to such punishment as may be provided by the laws of Cuba for such offense as you commit. You are not likely to have any greater power in the future. The treaty now pending before the Senate, if approved by that body, will relinquish all claim of the United States to the Isle of Pines. In my judgment the United States has no substantial claim to the Isle of Pines. The treaty merely accords to Cuba what is hers in accordance with international law and justice.

"At the time of the treaty of peace which ended the war between the United States and Spain the Isle of Pines was, and has been for several centuries, a part of Cuba. I have no doubt whatever, that it continues to be part of Cuba, and that it is not and never has been territory of the United States. You may be quite sure that Cuba will never consent to give up the Isle of Pines, and that the United States will never try to compel her to give it up against her will."

FEARFUL STORM IN LAKE REGION

Wide Scope of Country in Grasp of Blizzard Monday Night

WIND BLEW 60 MILES HOUR

Many Wrecks Reported on Great Lakes and Worse Tidings Feared—Snow Storm and Blow Worst on Record.

By Wire to The Morning Star.

Duluth, Minn, Nov. 28.—In one of the most terrific gales in the history of Winconsin, on the Great Lakes, even surpassing in fury the terrible storm of last September, in which so many men lost their loves in the vicinity of the Apostle Island, three big lake steamers were to-day driven ashore within sight of the light house at the Duluth entrance of the local harbor, and several members of the crew of one of the boats, the Mataafa, are believed to have perished.

The wrecks are the Crescent City and the Mataafa, of the Pittsburg Steamship Company, and the R. W. England, owned by the England Transportation Company, of Cleveland. As soon as interrupted telegraphic communication with other lake ports is resumed, it is expected that further reports of wrecks will be received, for the storm is thought to have been a record-breaking one. For thirteen consecutive hours, between 11 o'clock Monday night and 12 o'clock to-day the velocity of the wind averaged sixty miles an hour, and at times blew at the rate of 70 miles an hour. The Mataafa is being slowly pounded to pieces. The crew of the Crescent City escaped, but the boat is a total wreck. Captain R. W. England is the only man who left the England. The vessel is lying on the sand and is in no danger of going to pieces. The captain was taken off by the life saving crew with the help of a breeeches buoy. The sailors will remain on the boat until to-morrow. Unless the wind abates before morning the Mataafa will be a total loss.

Lake Michigan Swept.

Milwaukee, Wis., Nov. 28.—The fiercest wind storm in many years prevailed on the Great Lakes last night and to-day, causing much damage to shipping and other property. The wind on Lake Michigan reached a velocity of 46 miles an hour.

The government lighthouse and fog signal building at the end of the Milwaukee Breakwater pier was battered by the high seas and the assistant keeper, William Foster, was rescued with difficulty by the life savers. Before he left the light house it had been shifted and the pipes broken.

The big steamer Appomatox, coal laden, which went ashore seven miles north of this city, several weeks ago, and was later abandoned, was battered to pieces by the intensity of the waves.

Port Washington, 30 miles north of Milwaukee, reports that the steamer D. C. Woitney, coal laden, ran ashore during the gale.

The vessel belongs to the Gilchrist fleet, of Cleveland. The Milwaukee Life Saving Crew went to the rescue, and this afternoon took off the crew in safety.

Fearful on Lake Superior.

Detroit, Mich., Nov. 28.—Lake Superior from Duluth to the Soo, the upper peninsula of Michigan, the upper ends of Lake Huron and Michigan and the northern counties of lower Michigan, have been swept last night and to-day by a terrific wind and snow storm. Although a number of shipping accidents have been reported, there has been no loss of life so far as learned early this evening. The blizzard raged with a velocity of from 40 to 60 miles an hour, and all the harbors from Port Huron, north on Lake Huron and from Sault Ste Marie, north of Lake Superior are filled with vessels, which have run in for shelter. The greatest damage reported from Lake Huron as a result of the gale, is at Alpena. The waterlogged barge Harvey Bissell, which was tied at a dock was torn to pieces by the gale; the barge Vineland broke away from her consort and is aground and the small passenger and freight steamer City of Holland went on the rocks while trying to make the harbor at Rogers City. The passengers and crew were taken from the steamer in safety by a crew from shore.

Two more than a dozen vessels are in shelter at Port Huron at the lower part of Lake Huron. One small schooner, the J. M. Spalding, bound down from Rogers City, was unable to make the harbor to-day, and went on the beach near Fort Cratiot. The crew of four men reached shore safely in their yawl boat.

From Fort William, Ontario, on the north shore of Lake Superior, comes news of the beaching of the Canadian steamer Rosemount inside of the Welcome Island. The Rosemount, it is understood, is not greatly damaged and her crew are understood to be in little danger.

CRIME WORSE THAN MURDER.

Heavy Sentences for New York Woman and Two Men.

By Wire to the Morning Star.

New York, Nov. 28.—Punishment for trafficing in girls was meted out today by Judge McMahon, who passed sentences on one woman and three men for an aggregate of 32 years.

"This traffic," said the judge, "is worse than murder."

By coincidence at the time he was passing these sentences an example of the traffic of which he spoke, with four girls from Reading, Pa., as the victims, had just been found by the police in another part of the city. These girls came to New York last Sunday renting an apartment together. They had been mill operatives in Reading, they said, and came here in hopes of securing work which paid better. Today detectives saw them walking on the Bowery in company with four young men. Believing the girls were not ordinary Bowery characters, the detectives followed them until the men lead the girls into an evil resort. Following them the officers broke down the doors of their rooms and rescued the girls who had been trapped into the resort and were calling for help. The men were arrested charged with abduction.

MERIWETHER COURTMARTIAL

Surgeons Testify of Result of Autopsy on Branch's Body—Testimony Will Conclude To-day.

By Wire to The Morning Star.

Annapolis, Md., Nov. 28.—The autopsy held last Sunday on the body of the late Midshipman James R. Branch, Jr., bore fruit at to-day's session of the court martial which is trying Midshipman Minor Meriwether on charges inclusive of manslaughter in connection with the death of Midshipman Branch after a fist fight with Meriwether. The day's testimony was given chiefly by the medical men who had been present at the autopsy and bore upon the question whether the death of Midshipman Branch resulted from blows of his opponent's fists or from his head striking the floor of the room in which the fight was held, previous testimony having shown that Branch fell or was knocked down several times during the encounter. Counsel for Midshipman Meriwether announced that, after putting the accused on the stand, in his own defense to-morrow they will close their case.

Surgeon A. M. McCormick was recalled for the purpose of verifying his testimony, and was asked in regard to midshipmen who had been brought to the hospital in a bruised condition when the witness had been on duty at the Academy. Some of these, the witness said, showed more external injuries than in the case of Branch.

Surgeon E. D. Gatewood was then produced by the defnse as the first witness to testify as to matters connected with the autopsy. He gave a minute and technical description of the condition which the autopsy revealed in the case of Branch. He said that there was no fracture of the skull nor injury to the membrane of the brain except that brought about by the surgical operation. A large clot was found, however, under the membrane of the brain.

Medical Director Howard E. Amos, who went on the stand at the opening of the afternoon session, was not asked concerning details of the autopsy. The cause of Branch's death, it is said, was hemorrhage under the covering of the brain, which, he believed, both from what he saw during the operation and at the autopsy, had been caused by Branch's head coming in sharp contact with some hard substance like a floor or a wall.

Dr. Ames testified that all cases received at the Academy hospital were recorded in a journal kept for the purpose and were also reported to the superintendent in the morning sick report. The journal, he said, gave the origin of injuries but the sick report did not.

Lieutenant Commander Thomas P. Magruder testified that he did not know of any inspection of the hospital journal's having been made by the authorities.

Dr. L. W. Glazebrook, of Washington, who is assisting the defense as medical adviser and who saw the autopsy, was the last expert witness for the defnse. He stated that he was at the autopsy upon the body of Midshipman Branch. Death, he said, had been brought about by hemorrhage of the brain covering. There were at least three blood clots on the right side of the skull where it had been opened by the surgeons performing the operation. From what he saw during the autopsy the witness was satisfied that the fatal injuries were due to Branch's having hit his head against a hard, unyielding substance, such as a floor or wall, and could not have been due to the blows of fists encased in punching bag gloves. All three blood clots that he saw could have been caused, the witness thought, by one blow of the head aginst the floor or wall.

Surgeon Gatewood said that he believed that it was more likely that the injuries were received by Branch's head coming directly in contact with some hard object rather than by fist blows. In his opinion the primary cause of death was hemorrhage. It increased the fluid outside of the brain. The increased pressure on the brain substance caused death.

Surgeon Gatewood was rigidly examined by Dr. E. W. Glazebrook and Surgeon E. D. Stokes, the medical experts of the defense and prosecution respectively. On cross examination the witness asid that there was nothing shown at the autopsy which disproved that the injuries had been caused by the fist blows.

The witness said that if the operation had been performed earlier and in another place the saving of Branch's life was possible. It was a perfectly natural thing, however, judging from the symptoms, to operate as was done in this case.

The judge advocate had a tilt with the witness in order to extract an answer from him to the question whether or not he considered himself as competent to judge the matter as he would have been had he been present both at the operation and the autopsy. Finally after the president of the court had insisted on an answer the witness said that he would be more capable of reaching a decision if he had been present at the opening.

FLEET SEIZING TURKISH CUSTOM

Porte is Playing for Better Terms from Powers.

By Wire to the Morning Star.

Constantinople, via Sofia, Bulgaria, Nov. 28.—Detachments from the international fleet landed at Mytilene Sunday afternoon in accordance with the instructions of Rear Admiral Ritter von Jedina and occupied the customs and postal buildings. The governor protested but his representations were not availing. During the Bairam festival beginning to-day and ending the evening of November 30th, the fleet will take no further action, but if the Sultan does not utilize the interval to accede to the demands of the powers the fleet will occupy the island of Tenedes, off the coast of Asia Minor. The Porte continues its efforts to obtain a modification of the financial control scheme so as to make it more acceptable to Turkish views.

After a conference with the attorneys interested, the Cleveland, Ohio, bankruptcy referee has acceded to the request of Mrs. Cassie L. Chadwick and will resume an investigation of her financial affairs to-day. Mrs. Chadwick says that notwithstanding all her real and personal property has been sold, her creditors have received practically nothing and she proposes in this hearing to make public many details of her financial operations which she refused to divulge heretofore.

FREEDOM FOR AUSTRIAN PEOPLE

Thousands Force Emperor and Parliament to Grant Suffrage.

By Wire to The Morning Star.

Vienna, Nov. 28.—To-day marked a new epoch in Austrian history for the Austrian people throughout the entire land made known to the crown their imperial demand for equal suffrage, an even as this demand was being voiced the crown through Premier Baron Gautch von Frankenthurn, in Parliament, was assuring the people that its will would be done. The premier promised to bring in by the end of February a bill providing for a full and free universal equal and direct suffrage.

The people made known their demand by a series of monster demonstrations in all the principal cities and towns of the country. From only the town, Austerlitz, are serious disorders reported. There the troops fired on disorderly demonstrators, killing two and wounding thirty. Otherwise the demonstrations were characterized by the maintenance of order and dignity.

Hundreds of thousands of men paraded to-day, thus emphasizing their demand for political freedom. Such a demonstration was never before witnessed in Austria. The most impressive feature of the whole day in Vienna was found in the fact that not a single voice was raised as the masses marched silently but earnestly and with unmistakable determination.

Parliament opened at 11 o'clock and at noon Premier Baron Gautch von Frankenthurn announced the granting of suffrage to the people. Between 10 A. M., and 3 P. M., fully 150,000 men and women marched past the Parliament buildings, each person wearing on the arm a red cloth band bearing words imperatively demanding the granting of equal suffrage.

The demonstrators turned in much larger numbers than had been expected and the day's occurrence has made a deep and serious impression upon the country at large. The Premier's words in Parliament relating to suffrage made a favorable impression, particularly upon the Germans, who are gratified because of the government's promise to protect the various nationalities composing the population of the Empire. In this they see an assurance of the continuance of their National predominance. The next election of the Chamber of Deputies will take place next year, probably during the Summer.

EQUITABLE ASSETS ALL THERE.

Public Accountants Certify Surplus as $67,142,857 on Sept. 30.

New York, Nov. 26.—Messrs. Price, Waterhouse & Company, chartered accountants, of Great Britain, and Messrs. Haskins & Sells, certified public accountants of New York State, have jointly made an examination of the affairs of the Equitable Life Assurance Society of the United States and certify to the following statement as of September 30, 1905:

"The assets of the society as claimed, are all found to be on hand, and in value amount to $416,166,500. The surplus over and above all liabilities amounts to $67,142,867.

"The reduction in assets is brought about entirely by a conservative revaluation, most of which is in real estate and in shares owned by the society in certain financial institutions."

—A. W. Gibbs, an employee in a combination saw mill and machine ship at Barnardsville, in the northern part of Buncombe county, was instantly killed while at work in the shops Monday morning. He was struck by a plank and knocked against a fly wheel. The top of his skull was torn off and he was otherwise mangled. He was a widower and leaves several children.

Owing to the unsafe conditons of the streets in the vicinity of the American embasy at St. Petersburg Charge d'Affaires Eddy has formally requested the permission of the prefect of police for the official messengers of the embassy to carry arms.
